Stake Workers Meet In Fall Convention

Success marked the quarterly conference of the Taylor stake and the M.I.A. convention which was held here last Saturday and Sunday, also the meetings devoted to the Religious Class movement. There was keen disappointment manifest over the non-attendance of B. H. Roberts, the famous Mormon pulpit orator, who had been announced as one of the representatives of the general authorities. Through some reason not stated Elder Roberts failed to appear, and there was general regret expressed. It is to be hoped the public will not be again disappointed in this way. It has a very unfavorable effect.

There were present from the south Apostle George F. Richards and Elder Rulon S. Wells, also Miss Campbell representing the general board of the Y.M.I.A. The addresses of the visitors were thoroughly enjoyed, and their words of exhortation to good works and faith in God sounded a responsive chord in the hearts of their auditors. Pres. Allen presided and his closing remarks were encouraging and revealed a most pleasing condition prevailing throughout the stake.

One of the most thoughtful addresses of the conference was delivered Saturday afternoon by Mrs. A. J. Mercer, of Magrath. She gave a most able explanation of the scope and possibilities of the Religion Class work.

The M.I.A. sessions were well attended and some splendid instructions were given by the members of the general board. Greater efficiency and a hundred per cent

attendance seemed to be the keynote of M.I.A. activities. The attendance was quite satisfactory in view of the busy season. The interest displayed was of a most healthy kind and bodes well for the work in the Taylor stake.

Saturday evening the Opera House two demonstrations were given before a large audience, one of an ideal Home Evening, the other of an ideal Ward Dance. The demonstrations were impressively presented and no doubt will be of lasting benefit to all who are striving to elevate the standard of out home and community life. After the demonstrations a most successful dance was held.

Sunday evening the closing session of conference was held with President Skouson of the Y.M.M.I.A. in charge. Three excellent addresses were given by the visitors. Mrs. Gordon, stake president also submitted a very glowing report of the condition of the association in the stake. The following musical program was rendered:

Contralto solo, Mrs. Blanche Scovil, "Goodby," by Tosti.

Duet, Mrs. Mary Fletcher and Miss Norma Woolley, Magrath, "Resignation," by Caro Roma.

Piano solo, Miss Afton Jensen, "Sweet Genevieve."

Baritone solo, Mr. Vernon Coombs.

Solo, Mr. Lynn Gibb, "O Why Do the Nations So Furiously Rage," from the Messiah, by Handel.

Choir, "Mighty Jehovah."

Merchants' Bank Will Close Branch

The Merchants' Bank have decided to close their branch at Raymond. This matter has been pending for some time, but official announcement was lacking until last Wednesday when William Prest, local manager, made the following statement to The Leader:

"The branch here will close about the 15th inst. Customers are urged to transfer their accounts at once. The reasons for this move are insufficiency of deposits, better fields elsewhere and scarcity of men for the western branches, primarily the latter cause."

The Merchants Bank came in here in 1913. They have built up a good business and the above announcement came like a bolt from the blue.

Bostonians Greeted By Pleased Audience

The offering of the Bostonians, who appeared at the Opera House Tuesday evening last, was "Tipperary Mary," a musical revue of and Ireland, the scene being in the much-sung about Tipperary itself. The opera was well selected to show up the excellent singing abilities of the company, especially by the leading artists. They proved an unusually good lot of vocalists being equally at home in solo work as in chorus music. The staging and costuming of this production was below par and detracted from an otherwise commendable entertainment. The feminine artists are charming maidens pretty and graceful, and the large audience was fully satisfied. As a girl show of a refined character, "Tipperary Mary," is all that could be desired.

Fire Department Is Now Well Equipped

The municipal fire department was fitted up this week with an addition of equipment to the extent of 400 feet of hose. The owners of buildings on Broadway will bear the expense, the council having already installed three powerful hydrants to cope with any possible fire.

What is now needed is the organization of a volunteer fire brigade with possibly the chief of police as its head. A fire bell is also an imperative need and a certain fixed phone call in case of fire. The council should take action in this matter without delay.

Great Drama Comes To Rex Monday

Monday at the Rex the first Paramount programme will be presented, starring Wallace Kerringer in "A Gentleman of Leisure," a five act production that is scoring a tremendous hit everywhere shown. The Famous Players will now be seen at the Rex once a week, and no doubt will be warmly welcomed by lovers of the best in motion pictures. No extra charge will be made for this new feature.

Miss Iva Ericson has been called on a mission to the Western States.

Mrs. Judd wishes to announce that she is resuming her tuition in violin piano and singing at her studio, opposite Academy.

BORN—To Mr. and Mrs. Geo. Wall, a son.

T. Allen, of the Merc, left Monday morning with a shipment of potatoes fitted to Winnipeg.

R. J. Gordon, of the survey branch of the Public Works department, Edmonton, was a visitor at the quarterly conference.

The trains changed to the new winter schedule Sunday. The local is now a through train to Calgary. The train from Cardston now arrives at 9:59 a.m., and the Lethbridge train at 4:40 p.m.

Red Cross Dance

A Red Cross Dance will be given in the Opera House on November 20th. Refreshments will be served. The patronage of all is solicited for this worthy cause. Tickets will be on sale.

Canvassers Out After The Patriotic Coin

The campaign for the Patriotic Fund is now on. The response is very good and Raymond will roll up at least \$1500.

Raymond people are feeling the responsibility that rests upon them as British subjects and are sensing their duty to the boys in the trenches. Raymond is going to do her share towards giving Tommy's wife and kiddies a comfortable living and good, warm clothes for the winter. And the kiddies are going to have a few, nice gifts for Christmas, too. Santa Claus is going to visit Canada this year. It is going to be "Business as usual," with St. Nick, although his pack will not bear the imprint, "Made in Germany." No, siree!

We picked up a pretty good pun the other day. It was concerning the resourcefulness of one of the Fund collectors, a well known rancher. Well Jim—there it goes, now you know who we refer to—mounted a grain tank, and engaged the farmer in conversation. Soon he old him his business.

Nothing's doing.

Then wiley Jim, looking down at a fine team of blacks said: "Don't you think it is about time you trimmed your horses' tails. Just clip off the surplus hair and give it to the Fund and

we want ask for any cash."

He got a five spot.

And so the good work goes on. Don't worry Raymond and the south will do its share.

BAD FIRE

About \$50 loss was inflicted to Z. N. Skouson's new sep rator in a fire Saturday morning last, caused by flying sparks from the engine. The machine was saved from total loss by the remarkable feat of a team of horses belonging to Mr. Larson of Stirling. The wheels of the separator were buried eight inches in earth and debris, and in a pull the like of which Mr. Skouson says he has never witnessed before, the team drew the machine to a safe distance. This outfit will be on Mark Boyer's field today it is expected.

Womens' Institute

The Women's Institute will meet next Wednesday Nov. 10th, at the home of Mrs. Kinsey. A social will be held and a nice program will be given. Each lady is asked to bring her favorite recipe, all ladies are asked to attend this meeting to see what can be done for the Canadian Patriotic Fund.

Australia's Example

Australia has a population of less than 2,000,000; Canada, over 5,000,000. Therefore, the volume of livestock and the contribution to the war is all the more significant. Australia has sent 70-84 million overseas and 21 million, besides this, has troops in the field. The country is not far forward, while 8,000 are doing the heavy work. The United States has been using the coming of her ships. Over all is the determination of the government "to continue to do its utmost to help the war effort." The war effort has been passing the necessary medical ex-

Excellent Plan to Interest Farmers in Livestock Industry

It is the opinion of many that although grain growing may produce immediate profits, the safe and sound investment is in livestock. As a rule, as everywhere else, it is stock-raising that has been the backbone of the first few years. It takes a little capital to make a proper start, and the farmer's confidence in his animal as their main industry because they do not have to be sold as soon as necessary before a herd of stock can be built up. It is a safe investment, predicated, and also intricately

MAGRATH NEWS

Old Man Name

Of Sluggish Stream

The federal authorities have now decided that the Belly river, the sluggish stream of which people have been forced to refer to with deep blushes of embarrassment, shall be changed to the Old Man river. "And now," observes the Calgary Herald, "when the Lethbridge youth speaks of the 'old man' no one will know whether he means the river or his respected parent."

Privates Charley Flynn and Will Smith, who joined the 82nd Battalion, have been transferred to the Pioneers, a branch of the engineers corps. They are now in Winnipeg, but expect to leave for England in the course of a week.

If motor cars are any indication of prosperity Magrath is certainly in a flourishing condition. No less than twenty cars are now owned by local people. The large number of farmers who are purchasing cars is quite significant.

Wheat Blockade "High Cost Of Imminent; Cars Speeding" Song Now A Scarcity Of Joy Riders

About ninety cars of wheat have been shipped from this point thus far this season, which means something like 136,000 bushels. Approximately 60,000 bushels have been shipped from Spring Coulee. The elevators are about loaded to full capacity and the railway company is experiencing difficulty in supplying cars. About thirty names are on the order sheet.

It now looks as though it was only a matter of a few days before there will be a serious wheat blockade at Magrath.

Supt. Walker of the C. P. R. inspected the south line in his private car Wednesday evening.

Secretary Hodges was in Calgary the first of the week testifying in a civil action in which the Whitney brothers, of Lethbridge, were the defendants.

Sheepmen Will Let Courts Decide Who Owns The Flock,

A case which promises to arouse widespread interest in the south is pending in the district court in which R. W. Bradshaw and O. A. Woolley and J. Alfred Rife, all well known residents of Magrath, are involved. The case hinges on the ownership of certain sheep recently purchased in Montana, and bristles with legal technicalities. A grueling legal battle is anticipated. Both parties are confident. Mr. Bradshaw has secured the services of C. F. Harris and the defendants, Woolley and Rife, will be represented by Messrs Johnstone and Ritchie.

Speaking to The Leader on the case recently, Mr. Rife took occasion to criticize certain officials of the customs department at Coutts. He alleges that glaring partiality is shown by the inspectors at that port, particularly in connection with the case now in the courts.

Manager Earl Pingree, of the Pioneer Lumber company, says he sold four cars of lumber to farmers this month. Not so bad, is it.

Chief School Inspector J. T. Ross made official visits to Magrath and Raymond this week.

The Agricultural Society has entered into an agreement with the mortgage holders of the fair grounds whereby they will lift the mortgage by periodic payments spread over four years.

Stuhls, the Lethbridge contractor, commenced the erection of a palatial residence for R. W. Bradshaw this week. He also has the contract for the drain being built by the Magrath Trading company.

Stockmen! The Trading company are offering cut prices on coarse and rock salt.

Mrs. English, wife of the local Presbyterian pastor, will arrive here early next week. She sailed on the Athenia. Rev. Mr. English is already a favorite with his congregation, who are pleased with their new minister.

Next Wednesday, the 10th, the bounty money will be paid to the Blood Indians, who are returning for that event.

SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS

THE sole head of a family, or any male over 18 years old may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-agency for the District. Entry by proxy may be made at any Dominion Lands Agency (but not Sub-agency on certain conditions).

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 60 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.

In certain districts a homesteader in good standing may pre-empt a quarter-section along side his homestead. Price \$3.00 per acre.

Duties—Six months residence in each of three years after earning homestead patent; also 30 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions.

A settler who has exhausted his homestead right may take a purchased homestead in certain districts. Price \$5.00 per acre. Duties—Must reside six months in each of three years, cultivate 30 acres and erect a house worth \$300.

The area of cultivation is subject to reduction in case of rough, scrubby or stony land. Livestock may be substituted for cultivation under certain conditions.

McLennan Is
Farm Scribe

The last issue of the Nor' West

portrait of Jack McLennan, who
recently joined its editorial staff
in connection with the photo was
a introductory write-up which
said many good things about Mc-
